Submit

1. How to Register **2.** How to login **3.** How to use the Translation System

Step-1

Enter your email address and the password (that you created yourself).

Login:

Email

Password

Submit

No password? Register here first.

Step-2

Following submission, you will receive an access code, by email (and SMS)

Two-factor login:

Access code

Submit

Check your email and mobile (Text Message) for access code.
Enter that code and submit.

Use Chrome or Safari for this application.

Close all the applications that use your microphone [Skype, MS Teams, Zoom, Facetime, etc..]. Allow the microphone when your browser requests to do so.
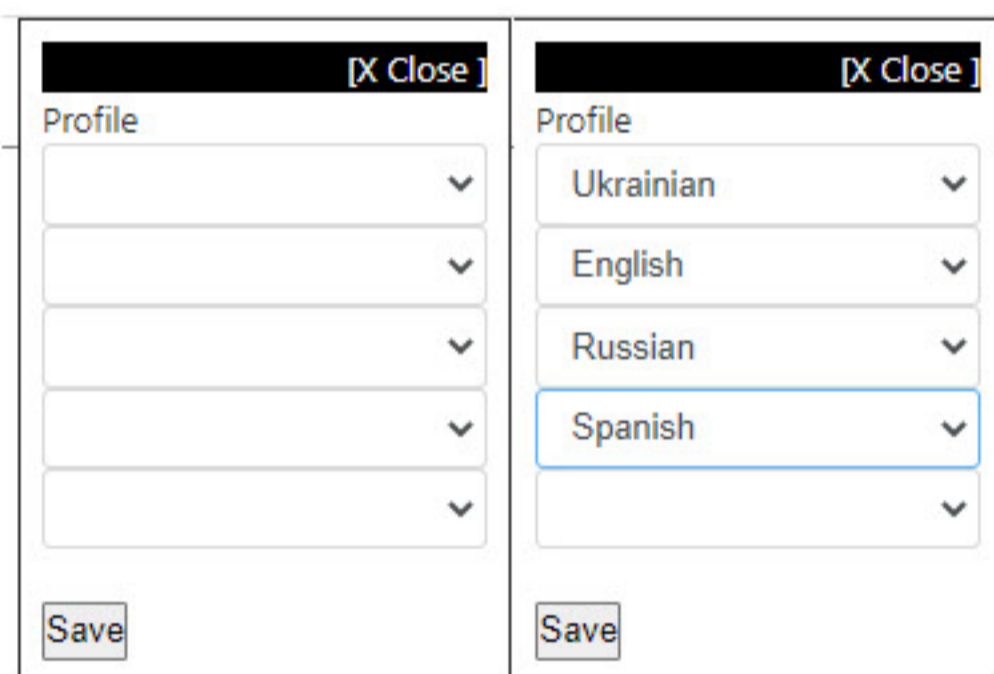

Set your language profile   `Profile`

First time you login (only required one time), use the drop-down to select the languages you master. You can change this profile at any time.

Select the languages (max. 5)
Save.
X Close.

Be available for instant translation session

To make yourself available to be called upon for a translation, select the button

`Set Available`

And set status to **Offline** (NOT available) or **Online** (available)
Save.
X Close.

How to make the connection ?

There are 2 ways to make the connection

1) From your account when you are logged in

Connect:21   [With Caller]   Remove

Click on CONNECT

2] OR open the link which has been sent by email. Use Chrome or Safari.

From: **Translation Center**
Date: Tue, Mar 22, 2022 at 11:17 AM
Subject: Join link

https://vcua.attendedbyhumans.com/link

Urgent request for translation. Open this link with Chrome or with Safari immediately.
Терміновий запит на переклад. Негайно відкрийте це посилання за допомогою **Chrome** або **Safari.**
Срочный запрос на перевод. Немедленно откройте эту ссылку в **Chrome** или **Safari.**

Click the OK button when this popup appears

The connection will start, when the translator has accepted the call.
Please wait...

OK

Select the ALLOW button to grant access to your microphone

🎤 Use your microphone

Block   Allow

Once connected, you will see the word CONNECTED

Click the RED button to end the connection 📞

The Session Closed message will appear.

Click CLOSE to go back to your dashboard.

On your dashboard, the call will remain on screen, until you either REMOVE it or until the next request arrives.

It is highly recommended to click the REFRESH button following every session.

Do not forget to :

1] Login and set your status to **online** when you are AVAILABLE

2] Set your status to **offline** when you are NOT AVAILABLE

3] Logout when you are not active
